

Environmental Policy

The Environmental Policy of Webro Ltd is to operate in an environmentally sensitive manner.

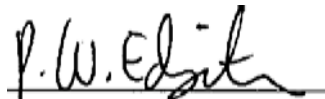

The organisation is committed to manage all activities, in the provision of stockholding & distribution of electrical cable & associated products utilising the Environmental Management System (EMS) in accordance with the requirements of ISO14001:2004 and environmental legal and regulatory requirements

Webro Ltd will minimise its impact on the environment and will demonstrate its commitment to prevention of pollution by the establishment of objectives and targets with regard to its significant environmental impacts.

These Objective & targets shall be subject to formal review and will be amended as necessary to continually improve its environmental performance.
